# V-24-01 - Development Permit Application for RMV

**Derek French** <derek@sandstoneengineering.ca> Thu, Mar 7, 2024 at 9:29 AM
To: "Finance & Administrative Assistant, Victoria" <marsha.victoriamunicipality@gmail.com>

Hello Marsha;

I understood the Municipality has a utility maintenance man on retainer?
He should be on site and observing installation, etc, not the board members.
The maintenance man should be certified to work around Municipal water and sewer services.
I can add his contact information on the development permit, if you wish?

V-24-01 is a proposed development on lot 9, 9 Jude Crt., pid no. 1045152, Dunrovin Inc. subdivision, see attached survey plan.
Dunrovin Inc. deeded an easement to the Municipality (see attached deed) to provide a 20 foot wide easement along all roads.
So the required easement is already in place.

I recommend Council approves the application.

Regards
Derek
