Hi Scott,

Generally we'd need reports to be provided 2 clear days in advance of the meeting (so Saturday evening), to be included in the pre-meeting package. I can table it so that it appears in the minutes, though, if you share it on Monday.

Cheers,

Anna K

Hi Anna

Hope all is well. I

will prepare a summary report over week end. Is 1 pm on monday OK for your meeting?

Best regards

Scott

Hello Anna:

Thank you for your prompt reply. I am saddened that you are leaving the position but I wish you well in your future endeavors. Regarding our project, I will certainly send you an update on our progress and thank you for sharing with council.

Regarding your question on who we have met with in past month and a half: We have had several meetings with:

1. **Transport and Infrastructure:** Minister Hudson , Deputy Minister Brian Matheson, Brian Thompson, Nancy Murphy, Sharon Slauenwhite. At these meetings(3) we discussed our business plan, financials, and it is clear now that they are carrying ball on the issue. We are told that somewhere in next week, they are leading a meeting with departments of Environment, Finance and Fisheries
2. **Environment:** DM Carpenter has been briefed by DM Brian Matheson

3. **Finance and Innovation:** DM Stefanie Corbet and CEO Brian Colwil. At this meeting we presented our business plan, financial projections and planned wages and payroll info
4. **Fisheries:** DM has been briefed by DM Brian Matheson
5. **ACOA:** Jennifer White and Mike Dillon: We have met to discuss potential participation from ACOA
6. **Champions:** Emergence, Aquaculture Association, Members of Parliament, Clean Growth Fund, Island Food Partnership: We have met with these and more to help build supporters for our efforts

Hi there Scott,

I have a very over-committed work-week this week, as I am preparing for a trip to Australia during the month of December, so I won't be able to take the time to meet, given other urgent priorities.

If you are looking for administrative guidance about processes, I would be glad to answer any questions you have by email. I would also like to know who your discussions have been with at the Dept of T&I, so that I can follow up with them from the municipality's administrative perspective.

In addition, Council is meeting on December 11. If you were able to write a letter updating Council on your intentions and the conversations you've had with the province, I would be glad to file it with Council as correspondence at that meeting. Such correspondence is also available to the public through the meeting background documents.

I noted in the provincial budget just tabled that there was a new budget line for upgrading washrooms, playgrounds and other facilities in public parks, which could be relevant to this property in Victoria.

For December through February, administrative capacity will be somewhat reduced, as I'll be working remotely during December and on fewer hours than normal. Additionally, I should let you know that I have given notice that I will be departing the role in Victoria on March 4 next year - Council is working on hiring a new CAO who I can hand over to directly, without requiring an interim CAO to be in place. I will make sure to properly brief the incoming CAO on this file.

With thanks,

Anna K

Hello Anna

We have made great progress on our file. Knut and Bjorn are here on the island. We would look forward to meeting and briefing you should you be available this afternoon or tomorrow.

Hope to hear from you.

Best regards

Scott

Hello Anna

Thank you for the conversation 3 weeks ago regarding progress on the park land. When you indicated that for anything to keep moving forward, Transport and Infrastructure would have to be at the table, we immediately arranged a meeting with the Minister of T/I (Hon Ernie Hudson) and his Deputy Minister, Brian Matheson. The meeting was productive and I think starts us in the right direction. They, like you and ourselves were baffled as to why they had not been at the table before and on such an important issue. We continue to work with them and I anticipate a more detailed briefing with the DM today or early next week.

I want to thank you for helping us with this very important issue. Had you and I not spoken (most recently), I doubt we would have made this level of progress.

Best regards

Scott
