Public Presentation

- Presentation by Martin Ruben on behalf of the Rotary Club of Charlottetown regarding the green space in Dunrovin Shores subdivision.

The club raises funds through various fundraising efforts, the main one being radio bingo, which brings in ~\$500,000/yr. This money helps to fund programs at local, national and international levels. The intention of this presentation was to see if there was interest within council to apply for fundraising through the rotary to upgrade the green space at Dunrovin Shores. Martin shared examples of how the area could be improved and encouraged council to present some ideas. Council discussed various projects that would be beneficial. It was noted that any plans should consider the current usage and maintenance costs. \$150,000 \$200,000 could potentially be available from the radio bingo fund, which takes in money island wide, and therefore the club chooses to give back island wide, hence Victoria being invited to collaborate with the club.
    - Action item council to provide list of improvement ideas for consideration at October council meeting.

Motion moved that RMV agrees to associate with the Rotary Club of Charlottetown to improve the Dunrovin Shores green space.

As a result of this conversation a job ad was never placed so that discussion could be had with council. Questions were raised about the impact of having no CAO. It was also questioned who would hold interviews if applicants responded to an ad.

**RE: Municipal Administrative Support Program** 

Dear Mayor Smith:

As announced earlier this year, the Department of Fisheries and Communities is pleased to introduce a new financial support initiative called the Municipal Administrative Support Program (MASP). The program provides financial assistance to small, rural municipalities to help them comply with the administrative requirements in the *Municipal Governance Act* (MGA).

I am pleased to invite the Rural Municipality of Victoria to participate in the Municipal Administrative Support Program, which includes funding of up to \$15,000 to put towards costs such as audit expenses, liability insurance, paying the CAO, and covering the municipal office and municipal election expenses.

For more information and to confirm your participation in the Municipal Administrative Support Program, please reach to the staff at the Municipal Affairs office at 902-620-3558 or <u>municipalaffairs@gov.pe.ca</u>.

Sincerely,

Jamie Fox, Minister Department of Fisheries and Communities

#### Acting Mayor's Report - October 2022

Well it's been quite a month and I am sure you will all agree if we are learning anything these days, it is to expect the unexpected and pivot!

I want to thank the Fire Department for stepping up during and after Hurricane Fiona. Councilor and FD member, Eric Gilbert, was the main contact with EMO for the municipality during and following the hurricane. Eric was responsible for setting up a generator to run the sump pump at the community hall and for monitoring it all night, once power went out around midnight. Victoria was very lucky in that the majority of its residents only lost power for two and a half days and it appears property damage was minimal. However three households did not fare so well and were without power for almost three weeks. It was heartwarming to see neighbours helping neighbours and everyone pitching in where they could. It is now crystal clear how important a current Emergency Measures Plan is in the administration of a community.

There are just three weeks before the provincial municipal elections are held on November 7, 2022. The RMV will need a mayor and six councilors to form the new council which will serve for the next four years. A strong and committed council will serve the municipality well regardless of the challenges that lie ahead. Hilary Price is the returning Office for the RMV. You can reach her through the village office if you have questions regarding the election process. All pertinent election information is listed on the RMV website.

Council met with Wendy Drake from MRSB on September 14 to discuss the key findings of the July 2022 Sustainability Study. A summary of the session was provided to councilors. The next step in the process is to make an action plan regarding recommendations agreed upon at this September 14 meeting.

While, for many of us, the month has been taken up with a major clean-up effort I hope you all take a moment to enjoy these unseasonably warm fall days. The weather has certainly made Maritime Electric's job easier.

sincerely,

Pat Acting Mayor
